Pushbutton War Missile Passes Test

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—A Minuteman missile, America's hope for a pushbutton war weapon, scored an amazing success on its first test flight today.

A jubilant Air Force reported 20 minutes after the 11 a.m. EST launching that all three stages had fired successfully and that the rocket had landed on target in the south Atlantic Ocean, more than 4,000 miles away.

The Air Force had gone all out on the initial firing of this second generation intercontinental range missile, which will propel the countryside on hard-to-find railroad tracks, or stand poised in hardened underground holes, ready for firing on instant notice.

General Thomas D. White, Air Force chief of staff, called the success "one of the most significant steps this nation has ever taken toward gaining intercontinental missile supremacy in the critical years just ahead."

Never before had so many rocket components been tested on a first launching here. All three solid fuel stages, the guidance system and nose cone were tested today. The distance covered was 1,200 miles short of the intended operational range of 6,300 miles.

This was the first time that all stages of a military rocket were manufactured by different contractors. Thiokol made the first stage, Aerojet the second and Hercules the third. Boeing Aircraft Co. is assembly and test manager.

"Anything beyond the first stage will be strictly a bonus," a project official said. "We decided to go for broke on the first launch because success would cut the test program by several months."

Previous multistage military rocket programs here started with testing of only one stage and worked up to the full configuration, gradually weaving in guidance, nose cone and other refinements.

The Air Force plans to have Minutemen ready for combat by mid-1962.

Once the missile is perfected, the Air Force plans the fastest buildup in missile history with at least 600 Minutemen to be deployed by 1964. About 450 of these will be spread across the western United States in underground silos designed to survive a near miss by a nuclear bomb. The remainder will be on special railroad trains.

Defense planners are talking of eventually having 2,000 Minutemen on station.

As the Minuteman force is built up, the so-called missile gap between this country and Russia will begin to close, many military experts predict. Many predict that nations will be even in number of long range missiles in 1965.

The advent of Minuteman will begin an era when rockets rather than manned bombers will be the dominant deterrent force in the

Ice Has Plagued River Traffic

CAIRO, Ill. (AP)—River pilots, beleaguered for days by polar-like ice jams in this area of the Mississippi River, hoped today for more high temperatures to soften up the ice packs and open the river.

The mercury reached the low 50s Tuesday and for a time the channel was clear.

But the ice closed up again 13 miles north of the confluence of the Mississippi and Ohio River at Cairo.

Two towboats were trapped for awhile Tuesday but were freed by a third.

The boats were not seriously damaged. Rivermen have called this the worst ice seen in more than 25 years.

Training Is Held by Local Club Women

Fifteen home demonstration clubs were represented at a training meeting held January 31. The group of nineteen women met in the home of Mrs. Joann Phillips, Home Agent, to get information for their February club programs on "buying and preparing meat."

Mrs. Phillips discussed the importance of including meat in the diet every day as a good source of protein. Everyone needs some type of meat daily to (1) build, maintain, and repair body tissues, (2) help regulate the acid-base balance of the body, (3) help in the formation of body hormones and enzymes, and (4) help build resistance to disease.

Grades of beef and types of stamps found on meat were discussed. The "USDA Choice" meat is preferred by most homemakers because of its high quality and it is more tender and juicy than the other grades except the prime quality which is mostly sold to hotels and restaurants. The other grades of beef - USDA Good, Standard, Commercial and Utility are thrifty buys if the homemaker prepares the meat by the proper method.

Points in buying meat were shown in types of roasts. One was a rib roast of mature beef with good "marbling" or fat tissues. The other was a veal rump roast which had less marbling and less fat covering on the edge.

The two methods of preparing meat were demonstrated. One by dry heat was a pork loin roast and a broiled sirloin steak. The other by moist heat was an old style Sauerbraten which is a German recipe. Mrs. O. B. Hodnett county foods leader, demonstrated an economy meat recipe "meat roll" using ground beef rolled jelly roll style in rich biscuit dough.

The women were encouraged to help their club members learn to cook meat at a low temperature to make the meat more attractive and palatable, have less shrinkage, juicier and more flavorful, more tender and more uniformly cooked. Also select the right cut of meat and use the right method preparation.

The following are the women and the clubs they represented: Mrs. William Schooley, Mrs. C. L. Sumpter, Victory; Mrs. C. L. Roberts, Rocky Mount; Mrs. W. T. Yarberry, Mrs. B. J. Warnken, Sweet Home; Mrs. Lester Kent, Liberty Hill; Mrs. Ray Turner, Mrs. Lyle Allen, Melrose; Mrs. Gordon Prescott, McCaskill; Mrs. Archie Smith, Homemakers; Mrs. Matt Bristow, Gunsey; Mrs. W. C. Beck, Centerville; Mrs. Mary Beasley, Spring Hill; Mrs. Jim Stone, Friendship; Mrs. Mary Gilbert, Columbus; Mrs. O. B. Hodnett, Hopewell; Mrs. Jessie Evans, Mrs. T. B. Fenwick, Baker; Mrs. Harold Sanford, Shover Springs.

Turnback Bills Recommended

LITTLE ROCK (AP)—A House committee today gave a "do pass" recommendation to two varying bills dealing with state gasoline turnback for cities. One would increase it, the other would reduce it.

The action of the Roads and Highways B Committee, headed by Garland Rep. Ray Smith, means the full House will have to decide on whether to increase the cities' turnback share or not.

One bill, introduced by Smith and sponsored by the Arkansas Municipal League, would increase the cities' turnback to about \$3.6 million, compared with last year's figure of about \$4 million. The second measure would give cities \$4,000,000 a year.

Both bills would retain the share for counties at \$7.3 million, the present figure.

If neither bill is passed, cities would get about \$4.18 million, the increase being due to retirement of highway bonds which had taken \$2 million a year in highway funds.

Convicted Woman Given Furlough

MOUNTAIN HOME, Ark. (AP)—Mrs. Naomi Shinn, convicted of manslaughter in the slaying of a Kansas City policeman, has been given a furlough from the Arkansas Penitentiary, Sheriff Jack Gregory said today.

Mrs. Shinn, convicted in November and sentenced to five years in prison, surrendered at the penitentiary last week, Gregory said, then was given a 60-day furlough because of illness.

She had been free on \$10,000 bond pending an appeal to the state Supreme Court, but this apparently will not be filed.

She is undergoing medical treatment in Kansas City, where she was living at the time Francis Holtman, 47, was shot and killed in a cabin at a resort near here last June 16. She is a native of Fulton County, Ark.

Rainbow Garden Club Meets With Mrs. C. G. Johnson

The Rainbow Garden Club met Jan. 25 in the home of Mrs. C. G. Johnson with Mrs. Gordon Danner as co-hostess.

Mrs. Ira Tyree, first vice president, presided. The minutes were given by the secretary, Mrs. N. A. Peters and roll call was answered with a new year's resolution with some improvement in yard or gardens. Yearbooks covers were judged with Mrs. A. R. Underwood winning first prize. Several members brought flower arrangement. Mrs. M. D. Shell won first prize for her arrangement and Mrs. Ellis Stewart was second.

Mrs. Roy Duke had the program for the month and spoke on "How to Care for Pot Plants During the Winter months"

Coffee and a dessert plate was served to 17 members present.

Mrs. Wren Scott Entertains

Mrs. Wren Scott entertained with a Bolivia party at her home Wednesday. Seasonal flowers were placed at points of interest in the rooms.

"The high score prize was won by Mrs. R. L. Blakely Jr. and the cut prize by Mrs. Homer Ward."

Other guest included Mrs. Clyde Marsh, Mrs. Jim Yancey, Mrs. C. G. Gordon, Mrs. J. B. Hesterly, Mrs. W. P. Cummings, Mrs. N. N. Daniel, Mrs. R. P. Hamby, Mrs. T. E. Logan, Mrs. E. M. Sharp and Mrs. H. J. Wilson.

A salad and sandwich course was served by the hostess.

Kiwanis Club Has Meeting

Prescott Kiwanis Club met in regular session Thursday at the Broadway Hotel. Following group singing, Jeff Livingston gave the invocation.

Milton Stokes, president, presided at the business session at which time John Teeter Jr. chairman, announced the Rubloff concert would be held in the Elementary Cafeteria on April 27.

The club voted to sponsor an essay contest for the Jr. and Sr. High Schools and the title to be "The Battle of Prairie DeAnne."

A \$25 bond will be given as first prize and a medal. Second prize will be \$10 and third prize \$5.

Miss Grimes Honored

Mrs. Delmer Tyree, Mrs. Tommy Cottingham, Mrs. William Formby and Miss Frances Harrison honored Miss Martha Ann Grimes, bride-elect of Ronnie

hospital of burns suffered last Wednesday in a fire at her home.

receive more money than recommended by the Legislative Council. The Council, in pre-legislative budget hearings, recommended the AM&N appropriation be trimmed by \$25,000 a year.

A resolution adopted by the House opposed the addition of three members to the Rules Committee of the U. S. House of Representatives. The vote came after it was announced that the national sponsor, called for passage of the resolution anyhow, saying it would not hurt Congress to know how Arkansas felt about the change, which he called "a move to jam liberal legislation down our throats."

A Senate resolution adopted Tuesday called on Congress to balance the national budget. The House passed the resolution Monday.

There was some dissent before the resolution got approval in the upper chamber.

"That's a Republican resolution if I ever heard one," declared Sen. Thomas A. Penn of Black Rock.

Sen. Riales asked, "How can you balance the budget with everyone hollering for more federal funds?"

The resolution is being sponsored in various state legislatures by the Taxpayers' Educational Association, Inc., of Austin, Tex.

An administration plan to cut the time required to amend the state constitution made its appearance in the House.

Hempstead Rep. Talbot Field Jr. introduced the measure, which he said was drawn by William J. Smith, legislative advisor to Gov. Orval E. Faubus.

It would cut the minimum time for amending the constitution from about 20 months to about five weeks.

An amendment introduced in both Houses Tuesday would remove the constitutional limit on property taxes levied by cities of the first and second class and permit the General Assembly to set new maximums.

At present the limits are five mills for general purposes and five mills for capital improvements on each \$1 of assessed valuation.

A House bill by Jackson Rep. Lonnie Etheridge would establish a Higher Education Advisory Council to study problems of higher education and make recommendations to the institutions and the legislature.

It was suggested as a possible substitute for a "super board" for the University of Arkansas and the seven state-supported colleges.

Ethridge said he would withdraw his earlier bill for a "super board," but Pulaski Rep. J. H. spent the weekend in Fayetteville where Miss Hamilton received a bachelor of arts degree at the U of A.

Mrs. Tim McLelland spent Sunday in Berne with her parents, Mr. and Mrs. E. G. Carter.

Mr. and Mrs. John W. Bolton announce the birth of a son Jan. 27 at the Cora Donnell Hospital.

Strategic Air Command. The rocket also reverses a trend toward more expensive missile systems.

Construction is expected to start soon on 200-foot deep silos and other facilities for three 55-missile Minuteman squadrons at Malmstrom Air Force Base near Great Falls, Mont.

Once in place, the missiles will be manned and guarded only through remote controls. Each silo will be capped by a 10-ton concrete hatch.

Nearby will be an underground checkout console whose electronic instruments will keep a close watch on the missile and report any technical trouble.

About three miles away, two Air Force men will be in an underground control center. They will keep tabs on 10 missiles in a squadron. In an emergency, any one of the five control posts in a squadron could fire all 55 missiles in a matter of minutes.

The first Minuteman train is slated to start rolling over 100,000 miles of U. S. railroad trackage in 1963. The five to eight missiles aboard will be concealed in a horizontal position.

Minuteman is the first U. S. ICBM powered by solid fuel, which also is used in the Navy's Polaris rocket and the Army's Pershing. This propellant is easy to handle and easy to store.

With less complexity, size and weight Minuteman has the mobility that the liquid fuel Atlas and Titan lack, but its warhead will be smaller.

Economy of personnel is another Minuteman feature. Five hundred men will be needed for a 55-missile squadron, or about 9 per missile. Six hundred men are required for a 9-missile Atlas squadron, about 66 men to a missile.

Fort Smith Girl Dies in Wreck

FORT SMITH, Ark. (AP)—A 16-year-old Fort Smith girl was killed and two other girls were injured when their car plunged down a 25-foot embankment after failing to negotiate a sharp curve in a Fort Smith residential district Tuesday night.

Killed was Nikki Priakos, daughter of Mrs. Walter L. Hammock.

Barbara Agent, 16, was hospitalized here with a broken leg. Linda Winford, 16, was treated for shock and released.

Officers said Miss Winford was driving the car.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 16 million of kidney tubes. So, feel the same happy relief millions have enjoyed for over 60 years. New, large, economy size saves money. Get Doan's Pills today!

Revenue Take Up
LITTLE ROCK (AP) — Arkansas revenue collections during January were \$15,048,213, up \$832,974 over the same month last year.

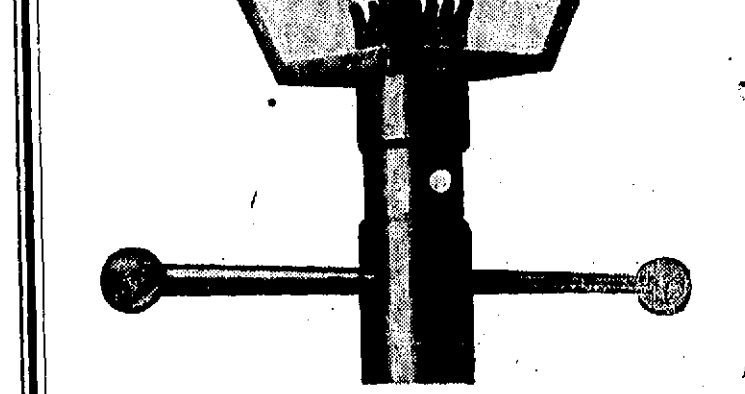

State Revenue Commission J. Orville Cheney said Tuesday the increase was due more to carryovers from December collections and to faster bookkeeping methods than to increased revenues.

IT'S THE MOST

Europe Has Praise for Message

By HAL COOPER

LONDON (AP)—President Kennedy's State of the Union message won wide acclaim in newspapers of Western Europe today.

It even received a kind of pat on the back in Moscow, where newspapers published up to a half page of excerpts, including Kennedy's outline of areas where U.S. and Soviet interests conflict.

No Moscow paper gave any reaction or comment to the speech, but the range of excerpts they published were remarkable. As expected, they included in detail the President's views on the internal U.S. situation, the dollar problem, the recession and school shortages, as well as his appeal to the Soviet Union for scientific co-operation in outer space.

But they also included such items not normally found in Soviet papers as Kennedy's declaration that "we must never forget our hopes for the ultimate freedom and welfare of the eastern European peoples" and his declaration that neither the Soviet Union nor Communist China has yielded their ambitions for world domination.

AP Chief of Bureau Preston Grover cabled from Moscow that such statements were likely to provoke strong reaction in Soviet circles.

In general, the Western press expressed the view that the speech had cleared the international air and might serve to rouse the United States from a long sleep.

The London Daily Express headline — "Wake up, Americans!" — was typical.

The independent Die Welt of Hamburg, West Germany commented: "The things Americans were told yesterday about their economy, the dollar, unemployment, and lack of scientific education will produce some grave head-shaking."

"But they will also be able to breathe with relief. Finally they were told how things stand. And since they are realists, they will

accept the situation. I am a 14-year old girl and plan to take a live-in baby-sitting job. I have \$30 of my own saved up. I have no real friends or anybody who cares for me. What shall I do?" —Urgent

Mrs. Rob Jones Hostess to Her Tuesday Bridge Club

Mrs. Rob Jones used greenery in her home as decoration for her Tuesday Bridge Club which met with her January 31. The high scorer was Mrs. Tom Wardlaw.

Among the two tables of players there was a tie for the game prize between Mrs. Dewey Camp and Mrs. K. G. Hamilton. Mrs. M. McLaughlin was a club guest. A sandwich plate and coffee were served for refreshments.

Coming and Going

Mr. and Mrs. Tom Ed Hays of Dallas Tex., have been visiting Mr. and Mrs. Thomas Hays.

Mrs. Horace Stokes of Little Rock and Arthur Whithurst of Wingfield, La., spent the weekend with their mother, Mrs. Ethel Whithurst and other relatives.

From now into spring, a versatile new fur will be seen. It's sheared natural Alaska fur seal, cut here into seven-eighths length coat (left) by Revillon. This same house does a sophisticated version of the trench coat (right).

DOROTHY DIX

One Reason for a Run-Away

By HELEN WORDEN ERSKINE

Dear Helen: For two years I've been on the verge of running away. I planned to wait till next summer; now it's going from misery to agony.

Saturday my father told me I had to agree with what he said, right or wrong, or go out and earn my own living. He told my grandmother to slap me across the mouth if I said anything she didn't like. My father just yelled at me and hit me for something I didn't do. I am packed, ready to leave. I am a 14-year old girl and plan to take a live-in baby-sitting job. I have \$30 of my own saved up. I have no real friends or anybody who cares for me. What shall I do?" —Urgent

Dear Helen: Think this through. Miserable though your situation may be, running away isn't the answer. At 14, you'll find it rough going. Having had little experience, you could easily get into real trouble and wreck your whole life. Your father could ask the police to return you to him and you would be worse off than ever!

Stay where you are. Say nothing but deliberately go about building up a bulwark of friends. Make friends with your teachers, neighborhood minister, librarian, doctor, police—anybody and everybody who could hold out a helping hand if and when you need it.

Dear Helen: I read your column about hoping it will benefit my family. Alas, my husband only takes in what suits him!

Our elder daughter, now married, is a happy-to-lucky. Our younger girl is just the opposite and sickly to make it worse. Her father grudges the doctors' bills. If the girls want money, they have to beg, argue and wind up in tears before they get even 10 cents. I have no say in money matters. This all makes for tension in the home. I taught Sunday School until I felt it a mockery. Our younger daughter, being sickly, is out of school a lot. Her father thinks she should go back and back till she finishes. She wants to go to business college instead. Her grandfather left her \$500 so her father won't have to pay a cent. Which do you think she should do? —Distracted Mother

Dear Distracted Mother: If your younger daughter is well enough to go to Business College, she is well enough to finish high school. For her own good, see that she does. Just because she happens to be delicate, don't weaken the child further by too much pampering.

Dear Helen: I must leave town to work elsewhere and will have to call it quits with my girl. She is 15. I am 19, both of us too young for love but not companionship. Do you agree? She is a wonderful

shift into faster gear." Rome's independent Il Tempo declared that "under the guidance of the most typical representative of the young generation, the United States has passed from defensive and passive resistance to the offensive."

In Paris, the leftist Combat described the speech as a rude awakening for Americans but said Kennedy's aim was to move the country into action "without panic and without fear."

Other comment: Some West Berlin newspapers were concerned over Kennedy's omission of any reference to continuing East-West tension in the former German capital city.

Britain's conservative Daily Mail compared Kennedy to Sir Winston Churchill because, like the newspaper said, were not afraid to tell the people the truth.

JUNE ALLYSON DIVORCES DICK POWELL

By JAMES BACON

AP Movie-TV Writer

SANTA MONICA, Calif. (AP)—Actress June Allyson, in tears, divorced actor Dick Powell today with testimony that he was so busy running his television production empire he didn't come home to dinner.

She also got a \$2.5 million property settlement and custody of their children, Pamela, 12, and Richard, 10.

She ended their 15-year marriage by testifying during the five-minute hearing: "Many times my husband wouldn't come home for dinner. When he would come home, he would say he was sorry, that he had been tied up in a meeting."

"Richard also was critical of everything I did. Dinner was either too early or too late. He even criticized the clothes I wore. It made me cry all the time. I lost a lot of weight."

The couple was married on Aug. 19, 1945 and separated Sept. 30, 1960. There have been many hints that they might reconcile, even up to the time of the divorce. He is 56, she 37.

Open Fight for Power in House

By EDMOND LE BRETON

WASHINGTON (AP) — Still hardly believing its eyes, the House of Representatives set itself today to watch an open power struggle between Speaker Sam Rayburn, D-Tex., and Rep. Howard W. Smith, D-Va.

The clash of wills between "Mr. Sam," 79, and "The Judge," two days short of 70, has been in the making for weeks. The success of President Kennedy's legislative program may be deeply involved with Rayburn's success in efforts to enlarge the Rules Committee that Smith heads. A victory for Rayburn would break the hold of a Republican-Southern Democratic coalition on the committee.

Knowing all this, the seniority-loving House still wasn't prepared psychologically for a showdown certain to leave one or the other of its soft-spoken elders badly bruised. Both the principals have a marked preference for matters arranged quietly in leisurely private talks.

True to form, Rayburn and Smith negotiated through intermediaries right up to the eleventh hour.

Rayburn has been in the House 47 years, Smith 30. Even yielding 17 years, Smith ranks among the dozen seniors of the House.

Rayburn has the enormous prestige of the speakership. Before his present term is over he will have served as speaker twice as long as any other man. His nearest rival was Henry Clay.

Smith is the acknowledged leader of the Southern conservative Democrats in the House and has done as much as any man to give that outnumbered group an influence in national affairs.

Smith is a banker, lawyer, former judge. He lives in a 160-year-old house and represents a slice of Virginia's aristocratic hunt country. President Kennedy has leased an estate in Smith's congressional district, near Middleburg.

Smith glories in the label of conservative and makes no bones about using his chairmanship to fight legislation of which he disapproves — "My people did not send me to Congress to be a traffic cop."

Rayburn, son of a Confederate cavalryman, raises beef cattle on a modest Texas spread near Bonham. Smith has dairy herds on his Virginia farm.

Rayburn helped Franklin D. Roosevelt pass some of the New Deal's legislation, especially bills creating the regulatory agencies. Smith was one of the lawmakers Roosevelt tried, unsuccessfully, to defeat.

SINUS Sufferers

Here's good news for you! Exclusive new "hard-core" SYNA-CLEAR Decongestant tablet not only instantly and continuously drains all nasal sinus cavities. One "hard-core" tablet gives you 8 hours relief from pain and pressure of congestion. Allows you to breathe easily — stops watery eyes and runny nose. You can buy SYNA-CLEAR at all Drug Stores, without need for a prescription. Satisfaction guaranteed by maker. Try it today!

Another Boy Enters School at N. Orleans

NEW ORLEANS, La. (AP)—An 8-year-old white boy joined his brother at integrated McDonogh No. 19 School today extending the break in a 10-week-old segregation boycott.

Two miles away women pickets parade in front of a Walgreen drug store with placards crudely lettered to read: "Walgreens favors integration."

Asthma bedded Michael Thompson when his brother Gregory 9 defied jeering neighborhood parents last Friday and Monday to attend McDonogh. But today U.S. deputy marshals escorted both Thompson boys to McDonogh.

Across the street 25 persons mostly women watched quietly while the boys entered the school building. A bit later marshals drove three Negro first-grade girls to McDonogh.

Problems mounted for the boys' father John N. Thompson 33 an employee of the chain drug concern. He and his wife and six children have been ordered out of their four-room apartment by Feb. 7.

Thompson's employment resulted in the pickets at the Walgreen drug store.

Over the weekend Thompson reported he had been fired from his fountain job at a French Quarter Walgreen store and his manager was quoted as saying "he

didn't cut the mustard."

But after a fast conference Walgreen officials announced it had not been a dismissal but a routine transfer to another store. Thompson's defiance of the neighborhood boycott of McDonogh apparently encouraged a spreading of similar defiance. Attendance at the city's other integrated public school William Frantz jumped from eight to 11—10 white children and one first-grade Negro girl.

Margaret Lezina, Thompson's landlady, Monday ordered him to vacate his apartment next week when next month's rent is due. She said she is nervous and doesn't want any disturbance in the neighborhood.

But Thompson said he didn't think Mrs. Lezina could make him move.

New Orleans was founded in 1718 and named in honor of the Duke of Orleans.

4 Questioned in Lawford Burglary

NEW YORK (AP)—Three men and a woman, arrested Sunday night, have been questioned about the burglary in early January of a hotel suite occupied by actor Peter Lawford and his wife, a sister of President Kennedy. Chief of Detectives James J. Walsh said today.

Police have been reluctant to discuss the burglary, in which \$30,000 in gems and \$1,000 in cash were reported missing. Walsh said the four persons—all Canadians—had been questioned.

Deputy Police Commissioner Walter Arm, department press representative, turned aside all queries. Walsh said the four questioned about the theft were booked on grand larceny charges. They were arraigned in felony court Monday morning, but dis-

Deliverymen Strike Hurts Newspapers

NEW YORK (AP)—A strike of deliverymen against wholesalers curtailed delivery today of the city's six morning newspapers.

The walkout was called by about 1,700 truck drivers of the Newspaper and Mail Deliverers Union against 35 wholesalers who deliver papers in the New York, Connecticut-New Jersey area.

Papers hit immediately were the Times, Herald Tribune, News, Mirror, Wall Street Journal, Journal of Commerce and several foreign dailies.

Deliveries as reported by the papers ranged from "pretty well" to "bad" in the suburban sections.

Drivers employed directly by newspapers were not involved in the walkout. They handle a large part of the delivery work inside the city.

Wholesalers do most of the delivering outside the city, however. All of the afternoon papers involved in the strike, meanwhile, went ahead with publishing plans and said they hoped to get papers to most areas.

The afternoon papers are the Post, World-Telegram and Sun, Journal-American, Long Island Press and Long Island Star-Journal.

The strike started at midnight when the old contract between the union and wholesalers expired. A strike vote was taken almost two weeks ago.

Negotiations continued all night and then recessed at 8 a. m. until 4 p. m.

Deliverymen now get about \$115 weekly, with day men working a 40-hour week and night men 37 hours. The union wants a 35-hour week for all workers.

Cuban Court Sentences 6 Americans

HAVANA (AP)—Six American adventurers, who faced possible execution as conspirators against Fidel Castro's regime, have been sentenced to 30 years imprisonment.

The Americans were sentenced Tuesday, three days after their trial before a military tribunal. Castro himself reportedly had been weighing the verdict.

Their sentences, the maximum prison terms under Cuban law, were interpreted here as the Castro regime's reaction to President Kennedy's denunciation in his State of the Union message Monday of Communist influence in Cuba. Defense attorneys said they will appeal.

The Americans said they sailed to Cuba to help defend the Castro revolution. They are George R. Beck, 24 of Norton, Mass.; Tommy L. Baker, 28, of Dothan, Ala.; Donald Joe Green, 28 of Clover S.C.; James E. Bean 34, of Cedar Falls, N.C.; Alfred E. Gibson, 32, of Durham, N.C., and Leonard Louis Schmidt, 21, of Chicago

position of the cases was not immediately known. The four arrested were listed as:

William Livingston, 33, of Quebec, a salesman.

David Ramsay, 33, same address, a lumber grader.

Ronald Spears, 30, of Montreal, a salesman.

Rosalind Wade, 23, of Montreal, a bookkeeper.

Walsh said the four were booked in connection with the theft Saturday of a lady's suit from a Fifth Avenue shop.

She had been so certain that she was to be confronted with a sight of sickening repugnance that it was several moments before her mind adjusted to the fact that what she was staring at was only her usual breakfast, a poached egg, orange juice, buttered toast and tea.

With an air of resolution she wheeled herself back to the window, boosted herself up out of the chair and reached for the grillwork.

Craning forward, she studied the figure down below more closely. Suppose she was the kind of woman who liked always to be at the center of the excitement, who might try to interfere personally instead of calling Dr. Shelby. Or—suppose she was a notorious seeker and called the newspapers!

Blanche drew back from the window as if from a threatened blow. Suddenly she saw it quite clearly, photographed and reproduced in the evening papers—along with a resume, no doubt, of her career, ending with the accident which had ended that career. They might even uncover some of the information about the accident that the studio had managed to suppress.

She let go of the grille and caved herself down into her chair. She saw now that her plan with the note held dangers she had not considered; there could so easily be ugly consequences, con-

LINES FOR LATE JANUARY

by Janet Henry

All through December's Christmas glow
I hurried madly to and fro
And wondered why the holidays
Could not be spent in quiet ways.
I cooked and cleaned and shopped and trimmed
Until the final candles dimmed.
I thought that peace would be such bliss . . .
But goodness, things are dull like this!

WHAT EVER HAPPENED TO BABY JANE

By Henry Farrell

Copyright © 1960 by Henry Farrell Distributed by Newspaper Enterprise Assn.

THE STORY: Blanche Hudson, terrified by her sister Jane, who seems mentally unbalanced, has been trying to summon help. Blanche was crippled years ago in a car accident and Jane now tortures her helpless sister, keeps her as a virtual prisoner in their house.

Chapter IX

Blanche freed herself of this reverie.

Her gaze flew out suddenly to the house at the end of the garden as one of the French doors swung open and Mrs. Bates, as if making her appearance at just that moment deliberately to point out to Blanche the foolishness of her overwrought conjecture, emerged placidly onto the lawn. Dressed as always in her smock and straw hat she paused glanced down the length of the garden with evident satisfaction and then crossed to the faucet to turn it on. Blanche, pulling herself closer to the grillwork, reached eagerly into her pocket for the note.

Mrs. Bates was still far enough away that she might not notice. But if she waited to drop it, and Jane came into the room before she'd had the chance . . . Then sound came from the hallway, and her decision was made for her; letting go of the grillwork, she shoved herself back and dropped down into her chair.

She had only just managed to get her chair away from the window and turned around when the door opened and Jane shuffled into view.

Jane was wearing her usual morning costume, an old wrapper of quilted and badly soiled white satin. Her dyed hair was in the same state of wild disarray as it had been when she had first awakened and gotten out of bed, and on her feet she wore the red patent-leather sandals. She was carrying another covered tray.

Jane put the breakfast tray down on the desk and with no sign of any special interest took up the one from the evening before and moved back toward the door. Just as she was starting from the room, however, she paused.

Jane crossed back to the tray on the desk, reached out to the cloth and pulled it aside. As she did so Blanche quickly averted her eyes.

She remained quite still, even after Jane's footsteps had faded away through the hallway and down the stairs. But then, knowing that she would have to sooner or later, she made herself turn and look in the direction of the desk.

She had been so certain that she was to be confronted with a sight of sickening repugnance that it was several moments before her mind adjusted to the fact that what she was staring at was only her usual breakfast, a poached egg, orange juice, buttered toast and tea.

With an air of resolution she wheeled herself back to the window, boosted herself up out of the chair and reached for the grillwork.

Craning forward, she studied the figure down below more closely. Suppose she was the kind of woman who liked always to be at the center of the excitement, who might try to interfere personally instead of calling Dr. Shelby. Or—suppose she was a notorious seeker and called the newspapers!

Breakers of Boycott Leave New Orleans

NEW ORLEANS (AP)—Classes resumed at integrated McDonogh No. 19 Elementary School here today, minus two boys who broke a two-month white boycott.

The John N. Thompson family, whose sons went to the integrated school for three days, left their furnished home during the fight for an undisclosed destination.

The Walgreen Co., which employed Thompson as a clerk, said he had requested transfer. The firm did not say where it had assigned Thompson.

Calls at the home went unanswered and neighbors said the family departed around midnight. One woman said Mrs. Thompson took wet laundry off a clothes line just before they left.

The three Negro girls who started attending the previously all-white school Nov. 14 arrived on schedule this morning, accompanied by deputy U. S. marshals.

A dozen men and women watched across the street. One woman shouted: "Your boyfriends aren't there yet." Three policemen moved quickly to the scene and ordered the crowd to remain quiet.

The Thompson family's departure recalled the leaving of James Gabrielle and his family. Gabrielle's daughter Yolanda attended the other integrated school for a time and he was fired from his job at the sewerage and water board. Gabrielle got a job offer in his hometown, North Providence, R. I.

A man identifying himself as Thompson, 33, father of six, called

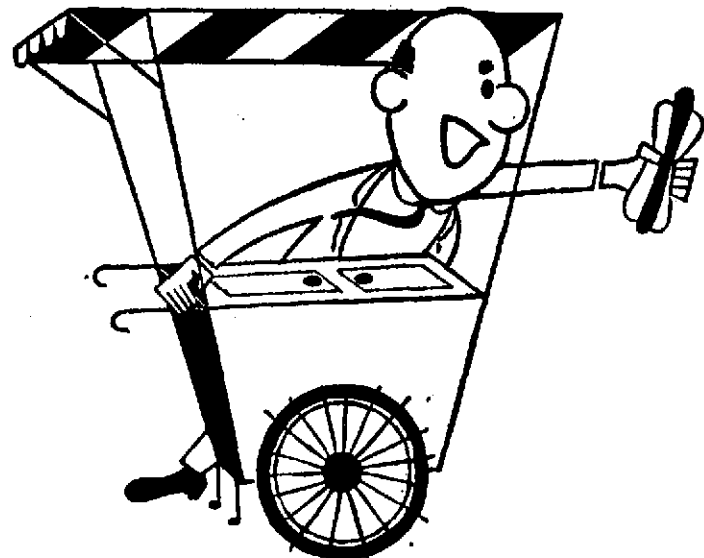

station WDSU-TV Tuesday night and said the family was leaving on the first train, but gave no destination.

The two boys, Gregory, 9, and Michael, 8, entered McDonogh 19 Tuesday under the watchful but silent protests of white parents boycotting the school.

About 30 persons, mostly women, gathered at the school but looked on silently as the two Thompson boys entered escorted by U. S. deputy marshals. The group said nothing when the three Negro girls attending the school arrived a few minutes later.

Thompson defied the 10 week old boycott for the first time last Friday by sending Gregory to McDonogh.

Thompson said he intended sending Michael to the school as soon as the boy got over a cold Tuesday. Michael tagged behind his older brother into the door.

"get your red-hots here!"

The only way to sell hot dogs is on-the-spot!

But to sell packaged wieners for next week's picnic . . . or lipstick or freezers or cardigans or houses . . . your most effective selling is on the printed page.

Porks Are Hot, Boys Win, Girls Lose, to Waldo Basketball Teams on Local Court

Blast Baylor Bears 74-58

WACO, Tex. (AP) —The Arkansas Razorbacks got hot in the second half and stormed to a 74-58 Southwest Conference basketball victory over Baylor Tuesday night.

Arkansas was ahead 31-27 at intermission after both teams went through a slow first half.

The Hogs moved ahead in the final minutes after Baylor had cut the Razorback lead to 11 points.

Scoring was led by Arkansas Clyde Rhodes, who hit 6 field goals and 5 free throws for 17 points. Pat Foster got 16 and Ronnie Garner and Tommy Boyer each had 12 for the Razorbacks. Richard Tinsley and John Hoggard each hit 11 points for Baylor.

When to Fish or Hunt

Solunar

Tables

By John Alden Knight

The schedule of Solunar period

as printed below, has been taken

from John Alden Knight's Solunar

Tables. Plan your days so the

you will be fishing in good terri-

tory or hunting in good cover dur-

ing these times, if you wish to

find the best sport that each day

has to offer.

The Major periods are shown in

bold face type. These begin at the

time shown and last for an hour

and a half or two hours there-

after. The minor periods, shown

in regular type, are of somewhat

shorter duration.
